

YOU'RE INVITED TO THE
SAMSUNG HVAC
MINI ROADSHOW

Come experience the latest innovation SAMSUNG HVAC is bringing to the market. Hosted by Allied Refrigeration. Pizza and drinks will be served!

SAN DIEGO BRANCH: July 12th 11:00am - 2:00pm

7865 Ostrow Street, San Diego, CA 92111 Phone (858) 654-2500

**Please confirm your attendance with Kyle Cooper or Joe Eskey:
K.Cooper@alliedrefrigeration.com / J.Eskey@alliedrefrigeration.com**

The Power of the Inverter

Each Samsung air conditioning system is powered by a variable speed Samsung inverter driven compressor. The variable speed control allows for increased efficiency and reduced wear on the internal components and lower sound levels.

CAC 360 Cassette

The World's First True Circular Cassette with an innovative 360 degree airflow ensures optimal air conditioning which also eliminates dead zones. Its full-circle design allows it to be placed beautifully in any setting.
