

Fieldpiece TRAINING DAY

Combustion Analysis: The Right Way!

One of the most important tasks in maximizing efficiency and safety in heating appliances is to perform an accurate combustion analysis test.

Fieldpiece Tools HVACR Pros Trust

INTRODUCING

THE NEXT GENERATION OF COMBUSTION ANALYZERS

CAT85 **CAT45**

Keeping Heating Systems Safe and Efficient.

In this session, you will gain a better understanding of; What combustion analyzers do and how to effectively use them on several types of heating appliances. Understanding how to measure oxygen, carbon dioxide, carbon monoxide and draft pressure will improve efficiency, performance, and reliability of the heating system. If you are looking for a session that is loaded with a-ha moments, this is the one for you.

TUSTIN BRANCH

Address: 1211 Edinger Avenue, Tustin | Phone: (714) 259-0109

Date: Friday, Jan., 30th • Time: 11:00am - 1:00pm | Lunch will be served!

Fieldpiece NOW IN-STOCK!

DR82 Infrared Refrigerant Leak Detector

This detector can sniff out leaks at <0.03 oz/yr. That's 20 times more sensitive than soap bubbles. This exceeds detection standards so you can quickly find and pinpoint leaks.

MR45 Digital Refrigerant Recovery Machine

Smart variable speed DC motor that accelerates during vapor recovery. It has an oversized quiet compressor. View status messages and pressures directly on the large backlit display.

SR47 Wireless Refrigerant Scale

SR47's industry-leading accuracy ensures your systems get the proper refrigerant charge every time. It communicates seamlessly with the Fieldpiece Job Link System App or SMAN.

VP87 8 CFM Vacuum Pump

This lightweight, portable but powerful pump shortens evacuation times and saves you time on the jobsite. Its large oil reservoir window gives you a clear view to assess the oil.

MG44 Wireless Vacuum Gauge

Built to make your work easier. Helps eliminate misleading measurements by allowing you to connect it at the system port - even those awkward, hard-to-reach spots.

CAT45 Combustion Analyzer

High contrast, 5.5 in. touchscreen display makes it easy to view in a dimly lit basement or bright rooftop. Save customer data. Live trend report is available with O₂, CO and CO₂ readings.

HS36 Expandable RMS Stick Multimeter

Equipped with a magnetic hanger, along with detachable silicone test leads and alligator clip probe tips, as well as the full set of built-in safety features. Includes everyday HVACR ranges.
