2300 East 28th Street, Signal Hill | (562) 595-5301 | Discount and raffle only available during event.

Honeywell Home

ElitePRO™ A growth-engine platform built for pros.

Optimize labor

Get more done in less time. Techs can configure the thermostat installer set-up (ISU) on-app or apply saved templates.³ The streamlined workflow adds consistency and helps reduce errors.

Drive loyalty

Keep your contact info front and center – on the thermostat and in the homeowner’s mobile app. Alerts help maintain and proactively identify issues before they escalate, helping you build trust and keep customers close.⁴

Generate leads

Turn installs and service calls into income. Real-time insights help you spot maintenance needs and upsell IAQ or system add-ons – all part of a connected, whole-home solution.

Smart features across the ElitePRO range

Modern aesthetic

Design that fits in or stands out. Clean profiles and stylized interfaces elevate any room.

Premium finish

Available in white or black device color options to suit any style preference.

Large touchscreen

Big, clear, intuitive. Offer 5" or 4.3" touchscreen options for better visibility and easier control.

Customizable display

Homeowners can personalize the idle screen with clocks, weather, and other themes while selecting their preferred color combinations.

Expandable ecosystem

Flex with customer needs. Enhance the HVAC system or smart home integration with connected accessories, like a video doorbell.³

Redlink™ technology⁴

Connect wirelessly with room and outdoor sensors, equipment interface module (EIM), and more.

EIM compatible^{4,5}

Simplify the most complex jobs – helping to save time and costs. Expand applications with additional outputs and minimal wires.

Optional room sensors

Help prioritize the comfort of the room of choice and reduce hot and cold spots by pairing with Room Sensors.⁵

Indoor air quality

Comfort is more than just the perfect temperature. Maintain optimal IAQ with humidity and control ventilation to keep air fresh.²

Energy efficient

ENERGY STAR® certified. Proven to help save energy and eligible for rebates.

WWP® wall-mounting plate

Faster installations and upgrades. Leverage a standardized mounting system used in over 25 million homes already.

Powered by Pro-IQ™ services

Save time on-the-job while retaining and growing your customer relationships. Get started with a free or paid Pro-IQ membership.

¹ Sold separately. ² Additional HVAC equipment or accessories may be required. ³ Video doorbell integration only compatible with the ElitePRO S1200 model, doorbells sold separately.

⁴ Model compatibility varies; Redlink, and therefore EIM, is not compatible with ElitePRO S900. ⁵ Option to purchase as a kit with the ElitePRO S1200 or sold separately.
